Re: Attorney General Robert Abrams
Senior Attorney David S. Cook

Gentlemen:

Enclosed please find my letter of even date addressed to Attorney General Robert Abrams, which is self-explanatory.

Except for your acknowledgment on October 7, 1988 of my complaint dated September 27, 1988, I have not heard from your commission.

Because of, inter alia, your inaction concerning the conduct of the above, the extortion and other criminal and unethical conduct continues unabated.

I remind you that in my letter to you of January 5, 1989, I stated:

"The above, since such date, have continued on their charted course of 'in-office' corruption on the matters on which I have complained about, and have effectively admitted same to a member of the media [United Press International]."

"Quis Custodiet Ipsos Custodes".

Respectfully

GEORGE SASSOWER
