Re: Milton Mollen #2012-1279

Sirs:

1. I requested copies of the documents in your above file so I could file a proper application for review of the disposition of July 18, 2012 and was, by telephone, informed that except for my application, there was nothing.

2. As I stated on August 7, 2012 (File No. 2012-1008) “the “*fixing instructions*” given to Chief Counsel *Jorge Dopico* was that neither he nor the *Departmental Disciplinary Committee* would request that [the accused attorney] respond to the Complaint and/or ignore that he has not answered the charges lodged against him”!

The aforesaid “*fixing instructions*” are here, once again confirmed!

3. You did not request that *Milton Mollen*, Esq. respond to the charges and Mr. Mollen *knowing* of the “*fixing instructions*” did not respond to the charges, on the copy I sent him!

4. Your contrived statement notwithstanding, you did “investigate the complaint”.

5. My concocted failings, even if true, and they are not, are irrelevant (*Hazel v. Hartford*, 322 U.S. 238 [1944]).

6. In all the years that *Milton Mollen* sat on the Appellate Division, I am unaware of any attorney sanctioned, whose conduct was as egregious, as his, which has profound implications (*Association of the Bar of the City of New York*, 271 F.2d 784 [2<sup>nd</sup> Cir.-1959]).

7. More to come!

Respectfully,

---
