Senior Atty. David S. Cook, Esq.  
Referee Donald Diamond

Gentlemen:

Enclosed please find my letters of even date to Chairman Sol Wachtler, Presiding Justice Francis T. Murphy, and to Committee Chairman William E. Jackson, Esq.

Those communications set forth **only** a portion of the misconduct of the above.

As part of your investigation you should request a copy of the "final accounting" which was "approved" by Referee Donald Diamond on October 26, 1988, since the County Clerk's file does not contain any such document.

You will find the aforementioned criminally motivated Order to be sham, and that such accounting does not exist in the County Clerk's Office or anywhere else.

Any true accounting will reveal that the above must be disbarred, in addition to being indicted and tried for numerous egregious criminal acts.

I would appreciate acknowledgment of this communication.

Very truly yours,

GEORGE SASSOWER
