Departmental Disciplinary Committee
First Judicial Department
41 Madison Avenue,
New York, NY 10010

Dear Mr. Maltz,

1. With respect to your letter of April 13, 1994, responding to that portion of my letter of April 8, 1994, which requests:

"1. The indexing methods employed by your agency since 1984 for all disciplinary complaints to insure insuring accountability of same.

2. All disciplinary complaints made by me since 1984, the dates of same, and the dates of disposition."

For multiple reasons, the aforementioned is not covered by any confidentiality, whether considered under the Freedom of Information Act or Judiciary Law §255, for multiple reasons.

2. Where less compelling reasons existed, Gerald Stern, Esq. of the State Commission on Judicial Conduct, supplied me with the above information, since I never accused the CJC of "hijacking", "waylaying", and/or not processing my complaints, a charge I have and do level against DDC.

3. I emphasize, in making the above request, I am not requesting any confidential information, and in that light I would appreciate your re-evaluating my request.

Very truly yours,

GEORGE SASSOWER
