Re: "Feinberg's Evil Judicial Empire"

Honorable Sir:

1a. On June 3, 1939, a jury found Chief Judge Martin T. Manton of the Second Circuit guilty of "selling justice", an event which adversely affected the reputation of the entire American judiciary.

b. Now, one half century later, in the same forum, there exists a far more egregious situation, which will soon be made known to public.

c. I write Your Honor, as well as every other Chief Judge of the Circuit Courts of Appeals, so that Your Honor and his colleagues may have the initial opportunity to "clean house".

2a. A letter of even date to Chief Judge Wilfred Feinberg is enclosed making various demands, including inter alia the filing of an accounting for the judicial trust assets of Puccini Clothes, Ltd. -- "the judicial fortune cookie" -- which was involuntarily dissolved on June 4, 1980 -- more than eight (8) years ago.

b. Although statute and judicial rules mandate a filed accounting within one (1) year, and the filing of same "each and every year" thereafter, not a single accounting has been rendered during the more than eight (8) years.

c. Any accounting, and true statement by Chief Judge Wilfred Feinberg, on the subject will reveal massive larceny and plundering of Puccini's judicial trust assets, blatant perjury, extortion, blackmail, and very extensive judicial and official corruption, with the active participation of Judge Feinberg, several members of the Circuit Court, as well as a number of members of the District Courts in the Second Circuit.
