Re: Raffe v. Citibank
84 Civ. 0305 [EHN]

Dear Mr. Radek:

I suggest that you wait until Judge Nickerson denies my unopposed motion to divest Citibank of the monies that were diverted from "the federal court" to its coffers in order to indict him and his co-conspirators, for such action and other criminal activities, the conclusive documentation of which will shortly be provided to your office.

Anyone who would divert monies payable "to the federal courts" to private coffers, which includes Judge Nickerson and former Chief U.S. Circuit Court Judge WILFRED FEINBERG, are "hard core crooks", as will any jury readily conclude.

Very truly yours,

GEORGE SASSOWER
