

Angleur, Liege

January 15, 1946

Dearest Georges,

Your good wishes gave us the greatest joy, we thought you had already forgotten your European friends!!

Andre received your news from California! You are thus so far.

For now, you have come back from your leave in Brooklyn probably happy.

I hope you have found all of your relatives in good health.

As you can surely tell, we have succeeded to come back to Liege, Andre was only demobilized on Christmas Eve.

He starts again his service as engineer in the same enterprise in Liege, at Linalux.

And we have finally found an acceptable apartment when we have washed the windows, and filled the shadow holes.

Please give my best wishes to your parents.

And if chance brings you to Belgium, come to see us again, you will give us the greatest joy.

Please receive, dear Georges, the best friendships from Andre and his

Mother.
