We have recieved your materials on the News York Times censorship of Judicial selection, and accompanying documentation. Thank you for selecting us to review your work. The most censored stories for 1996 have been selected and your's was not in the top list for 1996. This doesn't mean that we are not interested in promoting the story on our web site and discussing it in future public events. Certainly your recent documentation is most interesting. As far as you promoting the issue through major media channels, please do so the more the better.

I remember speaking to you last April at our annual awards evening, and an please to see that you are continuing the crusade on this issue. Keep up the good work..

Sincerely Peter
