Re: Q-1488-07; Q-1489-07

Dear Chairman Romero:

I filed the above complaints. Robert Saltzman and Diana Kearse did not understand them. They did not do anything. I request reconsideration.

I believe attorneys Garibaldi, Zelaya, and Zelaya's stand in committed fraud. I wish to complain about Zelaya's stand in too.

This happened on August 8<sup>th</sup>. They told the court that my wife left the building. This was a lie. My wife was hiding in the conference room. They all knew she was there. The court couldn't decide important issues because of this absence. They know this makes me suffer.

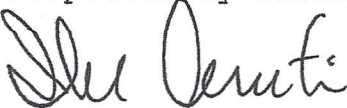

They say I can't see or talk to my children because of a court order. The order does not say this. Garibaldi did not read the order. They know this hurts me. Garibaldi is not acting in the best interests of my children. She is their Law Guardian.

I wrote to them about this. They did not deny it.

These actions are not justified. Garibaldi, Zelaya, and the stand in should be disbarred. They should be prosecuted.

Please read my complaint again. If you cannot understand it, call me. I will explain it to you.

Respectfully submitted,

  
Ike Aruti
