Dear Senator Smith:

I am a local attorney and one of your constituents. I was previously involved with the Queens County Republican Party, but I have withdrawn from participation several years ago.

In consideration of your involvement in the above issues, I respectfully request that you send a staff member to observe the proceedings tomorrow in the Queens County Family Court on Jamaica Avenue, across from Rufus King park.

The particular proceedings are entitled Aruti vs.. Aruti, file no. 66015, will be in part 9, before Hon. Pam Jackman Brown, and are scheduled for 11:15. The person you send should preferably be familiar with the code of judicial conduct, civil rights, and ethics.

What I expect you will see is evidence of a perverse symbiosis of malfunctioning government and government funded agencies, whereby fundamental rights are violated on a wholesale basis, and troubled families are destroyed instead of helped. This perpetuates what seems to fit the definition of a Racketeer Influenced Corrupt Organization, has recently been dubbed "the domestic violence industry."

Please call if you can to confirm receipt of this message.

Very truly yours,  
Ike Aruti, Esq.
