The Governor has vetoed our M/C Salary Commission bill and stated that the salary structure warrants review and analysis and should be done within the context of the state budget. We will continue, and redouble, our efforts to get pay equity for M/Cs. We have written to the Governor and the Legislative leaders to begin discussions on specific proposals to be included in the 2014-15 Budget.

Legislative support for our M/C Pay Commission bill continues to grow!

As an example, here's the response an OMCE member shared with us that he received from his State Senator, George Maziarz, acknowledging his (the member's) email to the leaders and his elected representatives in the Legislature.

Thank you very much for e-mailing me recently concerning the timely M/C pay issue. As you know, the legislation in question would establish a special commission on compensation for state employees who are designated as managerial or confidential. I greatly appreciate your perspective on this matter.

Despite the Governor's veto, I am proud to remain one of this bill's cosponsors and I will continue to work for its ultimate adoption into law. Going into the next legislative session, which begins in January, I will be working closely with the prime sponsor, Senator DeFrancisco, to develop a strategy for achieving our objective, either through standalone legislation or through the budget process. I appreciate your support.

Thanks again for your advocacy, and please let me know whenever I can be of any assistance to you in the future.

Sincerely,

George Maziarz
Senator, 62nd District
