Dear Ms. Sassower:

I am responding to your fax dated June 9, 1994. Enclosed please find the files that you provided to our office.

In response to the comments in your letter, please be advised that these files were reviewed. After our review of these materials, however, we remain convinced that the position that our office has taken is the correct one. In fact, the decision of the Court of Appeals indicates that our argument prevailed there.

Very truly yours,

Dan Drachler  
Counsel to the Attorney General
