I am director of the non-partisan, non-profit citizens' organization, Center for Judicial Accountability, Inc. (CJA). I have electorally-significant information to furnish for this year's races -- and next year's -- to enable you to field strong candidates to defeat unworthy, corrupt incumbents seeking re-election and further/higher offices. Please call me at 914-421-1200, or provide me with e-mail addresses for the Green Party's chair and executive committee. Thank you.
