Subject: Correcting yesterday's status report on the 6th, 7th, & 8th causes of action of CJA's 2nd citizen-taxpayer action, etc.
Attachments: 11-20-17-status-report-6th-7th-8th-causes-of-action-corrected.pdf

In my haste to have a status report on the 6th, 7th, & 8th causes of action ready for yesterday's morning meetings of the Litigation Committee and Committee on the Budget and Appropriations, I failed to review for typos. Attached is a corrected status report, also making additions and substantive corrections. Kindly supersede what I sent you yesterday with the attached. It has already been substituted on our webpage: <http://www.judgewatch.org/web-pages/elections/2017/post-election-latimer.htm>. Apologies for the inconvenience.

I will have a status report on the 10th cause of action ready by the time we meet together. When will that be? As Thanksgiving is the day after tomorrow and Friday is a "holiday" for so many, the only day left before D.A. Scarpino's November 28th appearance before the Committee on the Budget and Appropriations is Monday, November 27th. Or will you be inviting me to make a presentation and be questioned at the November 28th meeting, in the presence of D.A. Scarpino – which I would be pleased to do – hopefully, in the presence of County Attorney Meehan, as well.

Please advise, as soon as possible.

Thank you.
