

55. It would appear that Ms. Sassower has the aid of counsel in this matter, just not one who is willing to put his name to the nonsense that is being filed by Ms. Sassower herein.

56. Accordingly, it is submitted, this Court must deny that aspect of Ms. Sassower's motion as seeks further to delay and stall these proceedings purportedly in order to afford her the opportunity at this late date to obtain counsel.

WHEREFORE, your affiant respectfully requests that Ms. Sassower's motion be denied in its entirety, that the stay of enforcement of the judgment of eviction as against Ms. Sassower be vacated and that your affiant be granted such other and further relief as this Court deems just, proper and equitable.
