Subject: RE: FOIL/Records Request -- 2019 legislative session: S.4632 & A.7215 "to amend the county law, in relation to the full-time status of the district attorney of Hamilton county"

Ms. Sassower-

LBDC does not possess responsive records. Nevertheless, I can provide the following information with respect to your questions:

1-The LBDC's Document Control and Accountability staff assigns an internal number to all versions of draft legislation. As each bill is drafted and revised, the initial version number is incremented sequentially.

2-LBDC Legal Services Attorneys' work in conjunction with Senate or Assembly members on bills in protected by the Attorney-Client privilege/Work-product privilege. LBDC does not draft or review sponsor's memos. Those are created by the sponsors.

Hope you are staying safe and well.

Rosemarie Perez Jaquith
Director of Administration/Administrative Counsel
NYS Legislative Bill Drafting Commission
518-455-7605

Subject: FOIL/Records Request -- 2019 legislative session: S.4632 & A.7215 "to amend the county law, in relation to the full-time status of the district attorney of Hamilton county"

TO: Legislative Bill Drafting bills were introduced in the Senate and Assembly, "to amend the county law, in relation to the full-time status of the district attorney of Hamilton county". These bills were [S.4632](#), introduced by Senator James Tedisco on March 18, 2019 – and referred to the Senate Committee on Local Government, and [A.7215](#), introduced by Assemblyman Robert Smullen on April 12, 2019 – and referred to the Assembly Committee on Local Governments. At the bottom right of each one-page bills appears the same identifier: "LBD09006-01-9". An identical sponsor's memorandum accompanied each bill : [Senate webpage](#) and [Assembly webpage](#). Pursuant to Senate Rule XIV ("Freedom of Information"), Assembly Rule VIII ("Public Access to Records"), and Public Officers Law Article VI ("Freedom of Information Law" [FOIL]), this is to request records reflecting:

- (1) what is signified by the numbering sequence "9006-01-9";
