All publicly-available records received by Temporary Senate President Stewart-Cousins and/or the Senate Judiciary Committee pertaining to the Senate's "advice and consent" of Hector LaSalle as Chief Judge of the Court of Appeals – as nothing is posted on the Senate Judiciary Committee's webpage of its today's "meeting" considering his "nomination".

Why don't you start with:

(1) the "publicly-available records received" from the Commission on Judicial Nomination and/or Governor Hochul, most importantly, the public portion of the questionnaire that Justice LaSalle was required to complete;

(2) bar association letters and/or their reports pertaining to their review of Justice LaSalle's qualifications;

(3) written submissions by organizations and/or individuals in support and in opposition to Justice LaSalle's nomination;

(4) written requests to testify at the Senate Judiciary Committee "meeting" on Justice LaSalle's confirmation – and written testimony, if any.

Thank you.
