Subject: News Tip: "The rot at NY's top" -- May 8, 2013

A propos of your superlative column "*The rot at NY's top: why they'll be no real reform*", with such observations as

"Not to minimize the charges against Sampson and most of the others, but they really are small-ball in terms of abuse of the public trust"...

"So there will be no real reform until Bharara, Lynch & Co. address the current legislative leadership ...And it wouldn't hurt the governor to bring less rhetoric and more example to this issue"

Take a look at our fully-documented April 15th corruption complaint against NY's rotten top – including the governor & legislative leadership – which we filed with U.S. Attorney Bharara and, thereafter, with U.S. Attorney Lynch (on May 13th). They are posted on our website, www.judgewatch.org, accessible via the top panel "Latest News", by its hyperlink "Holding Government Accountable for its Grand Larceny of the Public Fisc & Other Corruption". Here's the direct link: <http://www.judgewatch.org/web-pages/judicial-compensation/grand-larceny-of-public-fisc.htm>.

From this – and our correspondence with the Legislature based thereon -- you can see the brazen hypocrisy and rhetoric of our highest public officers – beginning with Governor Cuomo – with respect to the U.S. Attorneys' prosecutions -- and why the Governor has not appointed a Moreland Act Commission to investigate the "pervasive", "rampant" corruption about which U.S. Attorney Bharara has spoken, without establishing.

Would be happy to assist you with this powerful story, including by hard copies of the substantiating primary-source documentary evidence – and to answer your questions.

Thank you.
